

# CUSTOM SPRAY TANNING

## ABOUT US

Fusion Salon has been a modern friendly Jersey Shore salon providing exceptional services within every beauty budget. We've decided to bring Custom Spray Tanning to our long list of services we can offer to our guests. We strive to offer beautiful tans by our certified Spray Tan Artists that will leave you looking like you just walked off the beach! Norvell solutions are the #1 sunless brand in the nation, mixed with award winning techniques to give you an unmatched tan.

WHY NORVELL IS RATED #1

# THE FITZPATRICK SCALE

Each Norvell Solution is designed to work with either all skin types or a select few. If you have a TYPE 1 skin type then your Spray Tan Artist would choose a lighter solution for you in your consultation. If you are ready for a darker spray tan, then your Spray Tan Artist will choose a solution for skin Types 3-6. Consultations typically happen right before your session to help your artist pick the right color that our guest is comfortable with.

# THE SOLUTIONS WE OFFER

## NORVELL

**Vivid Cosmo Light** \$47/ Organic Ingredients/ Skin Types 1-3

**Vivid Cosmo Clear Plus** \$47/ Organic Ingredients/Darker Formula/Skin Types 3-6

**Dark** \$37/ No Cosmetic Bronzer/No Color Transfer/ Gradual Tan/ Skin Types 1-5

**One Hour Rapid** \$37/ Classic Spray Tan Formula/ Golden Brown Tone/ Skin Types 1-5

**One Hour Rapid** \$50 / New Rapid Formula/Rinse within hours/Skin Types 1-6

**Venetian** \$42/Violet Based Bronzer/Anti Orange Pigment/Mediterranean Skin Types 1-6

**Venetian Plus** \$42/Darker Violet Based Bronzer/Anti Orange Pigment/Mediterranean/ Skin Types 3-6

While **Venetian** is our best seller we have a lot of other custom options. A **Clear Plus** solution would be perfect for a guest who doesn't want any color transfer or immediate cosmetic bronzer. A **Rapid** solution would be ideal for a guest who doesn't have time to wait 24 hours to wash off their tan. **Cosmo** solutions are completely organic, just ask dark but all natural.

# WHAT WE RECOMMEND

## Prep

1. Exfoliate but be gentle! We suggest the Norvell Sunless exfoliator.
2. If you need to wax or shave, have it done 24 hours before your session.
3. Heavy moisturizers can act as a barrier between your skin and the tan, ask your artist about the Norvell Sun Extender lotion safe to use after your session.

## Post

1. Unless using a Rapid Solution, wait 24 hours to wash off your spray. You will see the cosmetic solution rinse off in the shower. Use warm water and no soap (the first time) unless it is the Norvell Safe Ph Balancing Cleanser.
2. Extend and build color between sessions with a daily application of the Norvell Sunless Color Extender or the Norvell Body Butter Extend.
